Highlights Of The New Millennium

Dear Brethren,

For many christians, radio is readily available and often taken for granted. But for others, radio is something only dreamed about. Here in our office we receive

letters, feedbacks from people that live in communities where radio is their only companion for many of them cannot afford to own a television.

Our mission is to provide programs that encourage, edify and most of all to evangelize the unsaved. We have come together with the combined efforts to reach Filipinos for Christ. We have worked together to proclaim the gospel so that many of our people can hear Christ's message in a language they can understand.

Radio will never replace missionaries. But radio is proclaiming the gospel in places where there are no missionaries especially in homes where they are not welcomed.

We thank God for providing the needs of our ministry through you. Your faithful support, prayers and gifts enabled us to expand our radio broadcasts and also extend helps to our local pastors and church workers here in the Philippines.

Pray that God will continue to touch the lives of Filipinos all over the Philippine archipelago by radio, that His church will be strengthened and that leaders will be raised up to take His message to the ends of the earth.
