Fulfillment of God's Promise

Dear
Praying
Friends,

Unto the
Uttermost part of
7100 Islands

In my last letter, I mentioned about the promise of the Lord to the prophet Jeremiah saying, " I am watching over my word to perform it." We also claimed that promise of the Lord in our proclamation of His Word over the airwaves. We can truly testify that He is ever faithful and true in keeping His promise to bless His word.

We have discovered that more and more people are listening to our daily 30-minute broadcast and are blest spiritually by the preaching of His Word. We have expanded recently our broadcast to the islands of Semirara. A group of islands west of the Panay Island. And just this year, a team

" We can truly testify that He is ever-faithful and true in keeping His promise to bless His Word. "

representing the Radio Research Center in Manila visited and conducted a survey in one of the cities where we have our gospel broadcast. We were informed by the station DYBB that our program came out number one among the many programs from the five existing commercial radio stations in the city. We were greatly encouraged by the result of the survey and it challenged us to do greater work for the Lord. The added blessing of the report is that a group of people who are listening to our gospel broadcast were not satisfied of just listening over the radio but decided to assemble themselves and start a local church - this resulted to the birth of a small congregation in the island of Boracay.

May you be encouraged also in the Lord as you uphold us with your prayers and financial support as we press on to continue the task of saturating the Philippines "unto the uttermost" with the gospel of Jesus Christ ■

Your
Missionaries,

**Pert &
Mel**
